

Uniqueness

*Who am I? And who are you?
What are we here on this Earth to do?
About which things do you wish to speak?
What special qualities make you unique?*

*What is your purpose? What makes you YOU?
How do you express yourself as authentic and true?
How will you reach out to all mankind?
To help those lost ones, themselves to find!*

*Let's express our individuality,
Let's make it plain for all to see,
That each one is unique, unlike any other,
Not one identical, even sister and brother.*

*Let's break the pattern of copy cats,
And please let's stop talking in numbers and stats...
Let's be ourselves, different from the rest,
And in our uniqueness, be fully expressed!*
